PRESS RELEASE

The President of the TAR Lazio grants the suspension of an ANAC decision on a proceeding commenced against Manutencoop Facility Management

- **The ANAC Decision seeks to exclude the Company from all current and future public tenders (i.e., all public tenders other than those launched in the Laundering and Sterilization Segment and any tender procedure launched by private entities) for a period of 6 months**
- **The Company, on the advice of its legal counsel, considers the ANAC Decision to be without basis, grounded on erroneous legal reasoning and furthermore constitutes a disproportionate sanction on MFM.**

Zola Predosa (Bologna) November 15, 2017 – **Manutencoop Facility Management S.p.A.** ("**MFM**" or the **"Company"**), announces that, on November 10, 2017, the Italian National Anti-Corruption Authority ("**ANAC**" - *Autorità Nazionale Anticorruzione*) issued its decision in relation to a false statement registration proceeding commenced against the Company in November 2016 following a notice filed by the Santobono-Pausilipon Public Health Agency of Napoli to ANAC (the "**ANAC Decision**"). The false statement is alleged to have been committed by the Company while submitting the administrative documentation required in the context of a public tender process launched in 2013 by the Santobono-Pausilipon Public Health Agency of Napoli. In particular, the statement relating to such tender omitted an affidavit concerning the absence of criminal record of an attorney (*procuratore*) of the Company (moreover, this attorney was in full possession of legal requirements).

The ANAC Decision would exclude the Company from all current and future public tenders (*i.e.*, all public tenders other than those launched in the Laundering and Sterilization Segment and any tender procedure launched by private entities) for a period of 6 months.

The Company, on the advice of its legal counsel, considers that the ANAC Decision is grounded on erroneous legal reasoning and anyway imposes a disproportionate sanction on MFM. MFM has promptly challenged the ANAC Decision before the competent Administrative Tribunal for the Lazio Region in Rome ("**TAR Lazio**") seeking the suspension of the enforcement of the ANAC Decision to the President of the TAR Lazio before any discussion of the case (*domanda cautelare monocratica* - the "**Presidential Request of Suspension**").

On November 15, 2017 the Presidential Request of Suspension was granted (the "**Presidential Decision**"). The Presidential Decision suspends all the effects of the ANAC Decision until the TAR Lazio rules on our Court's Preliminary Request of Suspension following the Preliminary Hearing scheduled for December 6, 2017 (the "**TAR Lazio Preliminary Decision**".

The Company will continue to vigorously defend itself in this proceeding and in any subsequent appeals.

This press release includes forward-looking statements within the meaning of the securities laws of certain applicable jurisdictions. These forward-looking statements include, but are not limited to, all statements other than statements of historical facts contained in herein, including, without limitation, those regarding the MFM's plans, objectives, goals and targets. In certain instances, you can identify forward-looking statements by terminology such as "aim," "anticipate," "believe," "continue," "could," "estimate," "expect," "forecast," "guidance," "intend," "may," "plan," "potential," "predict," "projected," "should," or "will" or the negative of such terms or other comparable terminology. By their nature, forward-looking statements involve known and unknown risks, uncertainties and other factors because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and are based on numerous assumptions and that actual results may differ materially from (and be more negative than) those made in, or suggested by, the forward-looking statements contained in this press release.
