PRESS RELEASE

The TAR Lazio upheld on the merits Manutencoop Facility Management's petition, overturning the injunctive sanction issued by ANAC

Zola Predosa (Bologna), December 21, 2017 – With reference to the press release dated November 15, 2017, **Manutencoop Facility Management S.p.A.** ("**MFM"** or the **"Company"**) today announces that the Administrative Tribunal for the Lazio Region in Rome ("**TAR Lazio**") **upheld on the merits** the Company's petition against the decision of the Italian Anti-Corruption Authority ("**ANAC**") dated November 10, 2017.

With today's decision, **TAR Lazio has therefore overturned and annulled the decision that would have banned** the Company from all public tenders for a 6-month period.

ANAC imposed the sanction for an alleged failure by MFM to submit, in connection with a public tender offer launched in 2013 by the Santobono-Pausilipon Public Health Agency of Naples, a required affidavit affirming that one of the Company's legal representatives (*procuratori*) does not have a criminal record (although such representative is in full compliance with legal requirements).

MFM has always believed the ANAC decision to be completely unfounded and based on erroneous legal reasoning and, in any case, imposing a disproportionate sanction on MFM for the alleged infringement. The Company therefore welcomes with great satisfaction todays' decision that confirms what the Company has previously argued on several occasions.
