PRESS RELEASE

Manutencoop Facility Management S.p.A.: Two lots awarded for cleaning services to healthcare providers in Regione Toscana (Tuscany)

- **The single underlying implementation contracts that will be signed with Tuscany's healthcare providers may have a duration of up to 6 years with a maximum value of services to be provided by MFM equal to circa Euro 84 million.**

Zola Predosa (Bologna), December 22, 2017 – **Manutencoop Facility Management S.p.A.** ("**MFM" or the "Company"**), head of the leading Italian group active in the integrated facility management, announces that, on the date hereof, the Company has been awarded on a definitive basis, in a temporary joint association with other players operating in the Italian market, a framework agreement for 2 lots of the tender organized by ESTAR for cleaning and sanitization services, and for other related services, for Tuscany's healthcare providers.

ESTAR is Tuscany's dedicated public body, established in 2014, with the aim to rationalize and centralize regional spending for goods and services relating to healthcare.

The framework agreement has a maximum duration of up to 6 years, while the single underlying implementation contracts that will be signed with the single healthcare providers on the territory, may have a duration ranging from 2 to 6 years starting from the activation of the individual supply., at the discretion of the individual entity.

The maximum value of services to be provided by MFM, which holds a 23,9% stake in both of the temporary joint associations, equals to circa Euro 84 million, which amounts to circa Euro 14 million per year.

Once the individual contracts governed by the framework agreement will be entered into, such framework agreement will generate revenues for the Group, contributing to MFM's broad public contracts portfolio and backlog (*portafoglio totale commesse e riaggiudicazioni*).

In detail, the 2 lots include:

- All healthcare providers ("**Aziende Ospedaliere della Regione Toscana"),** ie l'Azienda Ospedaliero-Universitaria Careggi, l'Azienda Ospedaliero-Universitaria Pisana, l'Azienda Ospedaliero Universitaria Meyer e l'Azienda Ospedaliera Universitaria Senese (Lot n. 1);
- all the so called "**Aziende USL"** ie the other hospitals and local territorial healthcare providers (Lot n.2).

The execution of such new contract represents, once again, an additional illustration of MFM's continued competitive and innovation capabilities, in particular in the healthcare segment.
