PRESS RELEASE

Rekeep S.p.A.: acquisition of Polish company Naprzod completed

Zola Predosa (Bologna), 31 October 2019 – Further to the information released on 25 September 2019, **Rekeep S.p.A.** ("**Rekeep**"), the holding company of the leading Italian facility management group, announces the completion of the acquisition, through its subsidiary Rekeep World S.r.l., of 80% of the shareholders' equity of Naprzod SA (the "**Company**"), the Polish leader in the healthcare facility management sector, from the holding company belonging to the four founding partners.

This intensifies Rekeep's international growth after the first positive outcomes in France and Turkey: the acquisition of Naprzod will enable the Group to exceed 10% of its total revenues generated abroad in the 2019 financial year, thereby making further progress towards the goal of geographical diversification through contract awards and local partnerships with enterprises whose management is well recognized in their countries, and strengthening its positioning in the healthcare segment.

This transaction is strategic for the Rekeep Group which, thanks to its expertise, will foster Naprzod's entry into ancillary services that the Company does not currently provide (maintenance, heat management, laundering and sterilization, etc.), thus enabling Napzrod to position itself as the leader in Poland of the facility management sector.

In addition, the acquisition leads to substantial creation of value between the two Groups through synergies, cross-selling opportunities and operational efficiency, so that Rekeep will immediately be able to take its place as the leading healthcare facility management Group in Poland

---

Rekeep S.p.A.
Rekeep S.p.A. ("Rekeep") is the leading Italian operator and one of the main European players in the Integrated Facility Management sector, i.e., it manages and provides integrated services for properties and the environment and in support of healthcare services. Specifically, the services provided by the Rekeep Group are divided into two main business areas: Integrated Facility Management (property management and maintenance services, environmental hygiene, technical and maintenance services, green space management, logistics, auxiliary services, heat management, lighting, document management, fire prevention and video surveillance systems) delivered also through specialized companies; and 2. Laundering & Sterilization (linen rental and industrial laundering services and linen and surgical instrument sterilization for healthcare operations), delivered through its subsidiary Servizi Ospedalieri S.p.A. Rekeep's headquarters is located in Zola Predosa (Bologna); it has offices all over Italy and employs more than 17,000 people throughout the country.
